In response to a congressional request, GAO obtained information on the Milwaukee Metropolitan Sewerage Districts Water Pollution Abatement Program, specifically: (1) whether the district meets federal criteria for an eligible grantee and how it safeguards federal funds; (2) how the district funds its projects; (3) the extent of competitive bidding for architect and engineering work; (4) why the job site rule limiting allowable overhead billings was not applied to the prime contractor responsible for the programs management oversight and technical integrity; (5) the federal role in the districts decision to use rock removed from a project site to build a recreation island; and (6) approaches for measuring the reasonableness of architect and engineering costs. GAO found that: (1) the district meets the federal criteria for an eligible grantee since it has jurisdiction over sewage disposal in its service area; (2) the district monitors the grant funds through pre-contract award reviews and through post-contract billing audits; (3) the federal and state governments fund the wastewater projects through an EPA-approved, Wisconsin project priority system; (4) architect and engineering contracts are competitively negotiated and...
