Leaders are not born, declares self-help guru Napoleon Hill, they are molded by their practice of remarkably similar, simple, and dynamic habits. In this volume, the author of Think and Grow Rich distills the 17 factors that constitute his famous Law of Success philosophy, including cultivating self-confidence, self-control, concentration, and tolerance; taking initiative; profiting by failure; and using the Golden Rule to win cooperation. Hill outlines these and other successful approaches to developing the ethics and actions that empower individuals to assume leadership.
