Causes of defects in the work should be of value, as it is common practice for many workmen to injure the concrete in the manner outlined. In addition to the general rules of construction, the simple metal form for securing expansion joints and holding the side forms will be invaluable, as well as the machine for molding curb and gutter. The reader cannot but agree with me that often the very simplest methods and materials secure the greatest success, as will be proven by the simple and easily made strap-iron forms to mold diamond, hexagonal, octagonal, and other forms of mosaic floor tile and blocks. This simple mold is also available to mold any form as a separate unit, thus permitting the worker to mold the floor, sidewalk, or porch floor finish in the shop, and laying same when finished and fully...

### Reviews

*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
