Brand New Book ***** Print on Demand *****.Excerpt from George Eliot s Poetry and Other Studies A Genuine poem is almost certain of recognition, as such, in the long run. If verse contains poetry, that poetry makes itself felt, whatever blemishes the verse, as verse, may have; but if dint of argument alone brings us to acknowledge faultless verse a poem, like Galileo, in the moment of recantation, we shall mutter to ourselves our former and unrecanted conviction. Choose, for example, any Paris to arbitrate between Aurora Leigh and The Spanish Gypsy, and which will win the golden apple? If Paris is at all able to tell black from white, he will at once perceive the points of which the Gypsy is possessed and of which Aurora is destitute. He will discover in the pages of George Eliot superlatives enough. Their color and glow, their vigor, their passion, their nobility of sentiment, their perfection of pathos, the sustained movement of the story, its tragic and worthy denouement, its perfect prosody, its successful unities, and its everywhere-pervading atmosphere of ethical sublimity - all these will compare with Aurora to Aurora s disadvantage. And yet, and yet - how is it? - Aurora gets the apple! Perhaps poor Paris can only stammer forth, in answer to the question, What in Aurora more excellent than in the Gypsy establishes her claim to the prize?
