

Target Ladders: Autistic Spectrum

By Louise Nelson

LDA. Mixed media product. Book Condition: new. BRAND NEW, Target Ladders: Autistic Spectrum, Louise Nelson, Every class includes a number of pupils whose learning needs are greater than, or different from, those of the rest of the class. All teachers should be able to identify targets to use as the baseline for intervention and to help those children to make appropriate progress in small steps so as to feel a sense of achievement. However, many teachers in mainstream primary schools don't know what the next 'target' should be. They know what the child can't do, but they often don't know how to express that as a target. This third title in a powerful new series of practical books will support SENCos and mainstream primary school teachers in thinking about what their SEN pupils can do and deciding on the next steps. It offers a system for setting and monitoring targets which can replace or complement IEPs. Suggestions for strategies and activities for achieving targets are included throughout. * Each book comes with a CD with photocopiable material, including targets pages and Records of Progress templates. Target Ladders: Autistic Spectrum addresses seven key aspects of autism: Social interaction: friendships; Social interaction:...
