ETUDE HISTORIQUE ET JURIDIQUE SUR LA CONDITION DES AGRIMENSORES DANS L'ANCIENNE ROME AVEC UN APPENDICE SUR LA LOI AUX CINQ NOMS MAMILIA ROSCIA PEDUCA

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. OCLC Number: (OCoLC)261341724 Subject: Diamondback terrapin -- Maryland -- Patuxent River. Excerpt: . . . period compared to fall hatchlings, and (B) based upon our extensive observations of mortality in laboratory rearing studies, the high observed mortality of terrapin embryos in late stages of development at oiled sites is unusual. In summary, results of our study suggest that the oil spill may have contributed to a reduction in nest size throughout the area of study and may have increased the mortality of presumed spring emergers at oiled sites. Based on the life history characteristics of this species, we believe these potential impacts to terrapin reproduction during 2000 are probably minor. We found no evidence of a major, catastrophic impact of the oil spill on terrapin reproduction in the Patuxent River. REFERENCES CITED Alam, S. K. , M. S. Brim. 2000.
