By Sean Taylor

Wurvo, LLC, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. A well-prepared guide to success, this book is a rare combination of informative, inspiring and useful. Don t wait to read it. It is a great read for everyone. Kevin D. Johnson, CEO of Johnson Media Inc., Author of The Entrepreneur Mind Everyone wants to live the best life they can right? Of course they do, which is why people have goals and constantly search for the best ways to achieve them. People seek out all kinds of sources (books, the internet, school, seminars) in hopes for answers. The question is, why do these things often fail to work? Why do people s attempts at goals start strong, but then burn out? The truth is these blueprints do not matter unless the 3 Core Powers of Success are applied, knowingly or unknowingly. Individuals who reach the peak of their practice may require certain specialization, but no matter what a person s career or life mission is, all successes are built on a version of the same three cores. History has revealed these 3 Core Powers as...
