

## Advances in Plant Physiology, Volume 6

---

By A. Hemantaranjan (Ed.)

Scientific Publishers, 2003. Hardcover. Book Condition: New. The publication of Volume 6 of the International Treatise Series on Advances in Plant Physiology has been feasible - exclusively and unquestionably due to commendable contributions from World Scientists of distinction in explicit fields. within eight years, the treatise series has been instituted in the spirits and compassion of illustrious readers all through the world. The proficient International and National Co-ordinators have all along unified their views for the expediency of readers assisting them to speed up important research work in the field of Plant and Crop Physiology, Biochemistry & Plant Molecular Biology. in spite of handiness of quick accessibility of vast literature from internet, this treatise series in the field of life sciences has been realized over and above to be like a true guide, friend and philosopher, everlastingly enlightening the most hidden perceptible nerves of an individual worker, which is beyond the competence of mere web services. The volume 8 is absolutely another one of its kinds for incorporation of most timely and important worthy reviews of diverse objectives contributed by forty four well-informed, admirable and documented scientists/ stalwarts, of which twenty three participated from abroad. The original writing coming in...
