

Contemporary Issues in Chronic Pain Management (Hardback)

Filesize: 2.91 MB

Reviews

A really wonderful ebook with perfect and lucid answers. It is rally interesting throgh looking at period of time. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Gustave Moore)

Kluwer Academic Publishers, United States, 1991. Hardback. Book Condition: New. 1991 ed.. 235 x 155 mm. Language: English . Brand New Book. PROFESSOR SIR KENNETH L. STUART Pain control has become one of medicine's most rapidly growing disciplines, and I welcome the opportunity to write this foreword to a book that I am sure will make its own unique contribution to advancing this discipline. My pleasure in writing it is heightened by my pride in the fact that its editor was at one time an undergraduate student of mine at the University of the West Indies in Jamaica. One of the uncertainties teachers always face is that they can never predict how their charges will turn out. This uncertainty has been happily resolved. Dr. Parris professional career has been marked by the same dedication and commitment that characterized his undergraduate days and that clearly has been brought to the preparation of this scholarly and practical work. Pain relief has been until recently a comparatively neglected field. Its neglect was determined not so much by lack of professional awareness of its importance but mainly because so little could be done about it in the past.
